

Taco Tuesday!

Aggies know that Tuesday means Taco Tuesday! Taos will serve made-to-order tacos and taco salads, including a full toppings bar, on Tuesdays for lunch.

Facilities and Services (FS) Operations Continuous Improvement

FS Operations is committed to improving services to the campus. Hunter Consulting and Training conducted a site visit as part of NMSU's Custodial Services Management Assessment. The consultant met with the custodial manager, supervisors, crew leads, custodians, customers and building monitors to discuss custodial services. During the visit, the consultant provided supervisors with hands-on training on the APPA Inspection form which determines the cleaning level and identifies areas for enhanced service. NMSU will receive a final report detailing our current cleaning level, recommendations for enhancing our services, and what actions are needed to raise our facilities to the next APPA appearance level. The assessment and analysis will be loaded into the APPA CleanOps3 Custodial Program and will become the foundation of our custodial inspection and staffing program.

Mike's Magnificent Meals

Mike's Magnificent Meals at Taos served a BBQ lunch on Feb. 8th with a full menu featuring mesquite BBQ brisket sandwiches, homemade spicy baked beans, beer battered onion rings.

3rd Floor Bistro

The served an all-you-care-to-eat buffet on Feb. 9th featuring chardonnay garlic chicken breast and slow cooked pot roast.

TGIF Dinner

Fuel up for the weekend during TGIF Dinners at Taos. This week featured General Tso's chicken, pork and vegetarian egg rolls, spring chicken salad lettuce cups, and freshly baked peach cobbler.

At the Golf Course

- The new fleet of Yamaha EFI quiet tech golf carts arrived this week.
- #18 fairway has been reshaped to create a more playable and user friendly fairway configuration. Yardage signs have been added at all par 4's and 5's. We have had a lot of positive comments and our customers seem to appreciate our efforts to make of golf course playable for all skill levels.
- The winter junior golf program that had 23 kids participating will end soon. The spring programming will include a spring break camp, spring youth academy and PGA Junior League.
- The Players Gill Restaurant had a soft opening for our brunch menus and drink specials. We are hopeful "Brunch" will attract new customers to our facility.

Technology Day - February 16th: Technology Day, which is sponsored by ICT's Student Technology group, will be held in the Aggie Lounge from 9 a.m. to 2 p.m. Thursday, Feb. 16. Representatives from over 20 departments will showcase technology and innovational services they use or provide at NMSU. The event is open to all students, faculty and staff. The NMSU Basketball team will be on hand to help promote the event and challenge their student peers to technology related games.

Paint the Stress Away

CCSU hosted the first Paint the Stress Away activity of the semester on January 31st. Twelve people participated in painting their own creations. The full album can be found here:

Super Bowl 51

CCSU and ASNMSU teamed up to give students a great Super Bowl 51 party on February 5th. Pizza, wings, sandwiches, cookies and beverages were provided by Sodexo. ASNMSU raffled a football, speakers, an NFL jersey and hydro flask water bottles. Students took their best guesses all week to predict the final score, but sad to say, no one won the prize.

Housing & Residential Life (HRL)

Applications are being accepted for the **Resident Assistant** position for the 2017-2018 school year. Resident Assistants provide support and guidance to residential students in our first-year residence halls, upperclassmen apartments, and student family housing. HRL is particularly interested in finding student leaders with experience in one of our Living Learning Communities (www.housing.nmsu.edu/llc), Greek Life, or working with international students or international education experience.

Teamwork

Paint and Moving Services and Structural Maintenance technicians collaborated with the Zuhl Visitor Center to relocate artifacts and show pieces in support of the NMSU Visitor Center addition project. The crew was responsible for relocating the large pieces of petrified wood on the Southwest corner of the building to a temporary location during construction. They also removing pieces from the walls in the museum and delivered them to the designated storage area.
