

New Fund Number (Includes Sponsored Award Waiver) - Instructions

New Funds are requested when it is necessary to segregate funding sources; e.g. when a new funding source is identified and must be monitored for a specific purpose or project. If a cost share fund is being requested a Cost Share Close Out form is required.

Pre-Award Waiver: Requesting a Pre-Award Waiver set-up allows for work to begin, hiring of staff and posting of incurred expenditures to the appropriate funding source while awaiting receipt of a fully negotiated sponsored award. There are no date limitations to request a Pre-Award Waiver. The minimum required fields for Pre-Award Waiver fund set-up are indicated with an asterisk. Please note the fund start and end dates can be modified if the executed award differs from the dates specified below. Also, a funding amount is not required, but an estimate will aid in monitoring. Refer to section 3.15.15 of the [Business Procedures Manual](#) for conditions that must be met to setup an award on Pre-Award Waiver.

Submit form to:

Restricted sponsored awards route Research Administration Services (RAS) through ARGIS. Financial Aid, Federal/County/Local appropriations submit through NMSU SPA Work flow.

Section 1: Must be completed by the Requestor.

1. Enter the Current Fiscal Year.

4. For Unrestricted Research Only (check only one)

- A. Organized Research:** Funding that is derived from institutional funds (e.g., gifts, endowment income, interest income, technology licensing income, operating budget, etc.) through a competitive application and award process, and when the research activity has the same general characteristics of an externally sponsored research project.

Funds provided by the University that are used to cover costs committed and incurred on behalf of an externally sponsored project.

- B. Departmental Research:** Any research and development activity that does not meet the criteria of Organized Research. Examples include:
 - 1) New faculty start up funds which are provided on a non-competitive basis
 - 2) University support of faculty salaries for non-sponsored research
